Minimum Order Unit Size	1 c/s		Casing	Material	Cardboard		Pcs	40.0
Order Lead Time	negotiable			Dimensions (cm)	Length	Width	Height	Weight
Storage Temperature	<input type="checkbox"/> Room temperature <input type="checkbox"/> Refrigerator <input checked="" type="checkbox"/> Freezer (under -18°C)		MSRP	<input type="checkbox"/> FOB <input type="checkbox"/> CIF * depends on conditions		Price valid until		
				Local pricing				
Certification	HACCP、Fishery food registration facility to Vietnam							

Ingredients	Country of Origin	Nutrition Information	per 100 gram
Scallop	Japan	Energy	101 kcal
		Protein	19.2 g
		Fat	1.0 g
		Carbohydrate	3.9 g
		Sodium	310 mg
		Moisture content	75 g
		Sodium Chloride Equivalent	0.8 g
Selling Point		Serving Suggestion	
Boiled without any additional seasonings, all you taste is the scallop's own natural flavor. The condensed taste of scallop is the closest you can get to eating a scallop raw.		Enjoy right out of the bag. Alternatively, make the most of the condensed natural scallop flavor by mixing into rice, in a hot pot or a gratin. Highly popular with kids.

Selling Points of the production process

Information of Quality Assurance

Inspection of Products	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Every month, the Food Microbiology Center carries out bacteriological tests (common bacteria, coliforms, colon bacillus)			
Hygiene Management	Production Process	We use clean water from a highly biocidal ozon bubble. X-ray inspections help us to identify foreign materials and machinery is cleaned after every step.			
	Employees	Hygiene seminar for the entire staff once a month. Working clothes are cleaned with a roller three times a day. Boots are cleaned with chlorine. Staff dedicated for hygiene management employed.			
	Facilities and Equipment	The factory is cleaned every one hour before starting operation, followed by a defect and hygiene inspection. Also, entrance to the factory is only possible after sterilizing your hands with alcohol and taking an air shower			
Emergency Response	Contact Points	Person in charge	Kenta Suenaga	Phone number	+81-225-24-1519
	Documentation	Product specification sheet, PL insured
